# Our Mission

---

The Harbor provides advocacy, prevention, and support to promote self-determination and hope for survivors of domestic violence, sexual assault, and stalking.

# About Us

---

The Harbor is Clatsop County's sole advocacy center for survivors of domestic abuse, sexual assault and staking. Our services are free and confidential since 1976.

Our goal is to break the cycle of violence through education, one-on-one emotional support, financial assistance, and referrals. Through direct advocacy and a strong relationship with a network of community partners throughout Oregon, The Harbor is able to ensure that survivors are heard and can access the services they need.

The Harbor staffs a 24-hour crisis line and is an integral part of Clatsop County's Domestic Violence Assault Response Team, reaching survivors 24-hours a day. We assist in safety planning, accompany to medical exams, court appearances and will provide confidential shelter services for individuals and their children.

In February 2024 we celebrated the grand opening of the opening of The Dock, our new youth drop-in center. This vibrant space is available for youth to interact with their peers, create art, play games, and simply be themselves in a safe environment.
